ROOSEVELT MENTIONED AS STANDARD BEARER

Senator Borah of Idaho Enters Progressive Convention Hall Without Preliminaries and Delivers Address. Says He came over to "Get Inspiration." Whitmore Gets G. O. P. Floor to Nominate Associate Justice Hughes. Senator Fall of New Mexico to Nominate Roosevelt for Republicans.

(By Associated Press.)
Auditorium, Chicago, June 9.—Without any preliminary announcement, Senator William E. Borah, from Idaho, Republican, entered the progressive convention at 12:45 and addressed the convention, saying that he had come over to "get inspiration." A wave swept the floor, suggesting stronger events than harmony with Borah as the man to unite the parties might happen. Cheers for Colonel Roosevelt occurred when the senator mentioned the magic name of the progressive leader. He said he guessed there wasn't any doubt that they wanted Teddy, but urged them to be cautious in their actions, as the two conventions now in session would probably decide the welfare of the United States for the next quarter of a century. Senator Borah said that if the two conventions agree on Roosevelt that he would be willing to support him. When Senator Borah concluded the progressives recessed until 3 o'clock.

(By Associated Press.)
Coliseum, Chicago, June 9.—The republican national convention got down to real work after a few preliminaries at 11:15 today. The first business was the reading of the report of the republican peace conference who met with the progressives last night. It was received with enthusiasm, Colonel Roosevelt's name bringing three minutes of loud cheering, followed immediately by the nominations, when Whitmore took the platform to nominate Associate Justice Hughes. Whitmore was interrupted by a twenty-minute demonstration favoring Hughes. After the Hughes demonstration, Nicholas Murray Butler was recognized and nominated Senator Root. Governor Willis of Ohio then took the floor to nominate

Senator Burton. While Willis was speaking the sun began shining for the first time in four days, filling the coliseum. Delegates, weary from the downpour, cheered. It was agreed that Senator Fall of New Mexico will nominate Roosevelt before the republican convention.

Harmony Committee Wants United Action.

(By Associated Press.)
Chicago, June 9.—The report of the republican-progressive harmony committee which was presented to both the republican and progressives today, said that the conference last night resulted in an agreement that there should be united action by both parties if possible. That the policies and the future of the country depended on the uniting of the two parties to "rescue the country from the present democratic domination." The republicans will say that the progressives suggested Colonel Roosevelt as the proper candidate and best fitted man to bear the standard of the combined organization. Republicans did not make any counter-suggestions as to any candidate, but some said that they would accept Colonel Roosevelt if the convention could be brought to a conclusion, which they said would be impossible.

Woman Suffrage Discussed.

Auditorium, Chicago, June 9.—A further discussion of the platform as unfinished business was the first thing taken up by the progressives, who convened this morning at 10:49. It was expected that some planks, particularly that of woman suffrage, would be debated. When the progressive peace conference entered the hall they were given a great ovation.

GERMAN PAPERS COMMENT ON PASSING OF EARL KITCHENER.

Berlin, June 9.—The newspapers devote much space to Earl Kitchener, whom they generally acknowledge to have been an organizer of the greatest ability, but there seems to be no disposition to exaggerate the importance of his death or to base particular hopes thereon.

The Lokal Anzeiger, commenting rather bitterly, declares that Kitchener's work was mainly won against spearmen and half naked wild peoples and that the Boer War was really won by internecine women and children and permitting thousands to die.

Count Von Reventlow in the Tages Zeitung also indulges in personalities. The other papers, however, for the most part, refrain from attacking Germany's dead opponent. The Tagliche Rundschau says:

"He was an honorable enemy. He never visited Germany to admire our philosophy and maneuvers. He never dripped withoneyed phrases about rapprochement and never pretended to love us. We thank him in death for that he was a brutal man, but he was a man."

WOULD MEAN MUCH TO CITY OF BRYAN

Should Flood Control Committee Get Recommendation Through It Would Mean Lots.

(By Associated Press.)
Austin, Texas, June 9.—Figures compiled by Captain Arthur A. Stiles, State reclamation engineer, disclose that approximately 2,000,000 acres of fertile land situated in the Brazos and Colorado River valleys will be reclaimed, should the recommendation of the congressional flood control committee be adopted, and an appropriation made for a survey of these streams. Captain Stiles accompanied the committee on its recent tour of the State.

Captain Stiles believes this will be, if consummated, one of the largest reclamation projects ever undertaken in Texas.

He will be totally blind. She said she didn't want to kill him, but only wanted to spoil his handsome face. The husband requested that she not be arrested.

1500 AMERICAN TROOPS IN CHINA

Washington, June 9.—Twelve hundred men of the Fifteenth Infantry under Colonel Harry C. Hale, stationed in Tien Tsin and along the railroad between there and Peking, and a legion guard of 330 marines, constitute the American military force in China. It was said at the war department Colonel Hale might take any part of this force to Peking in an emergency without instruction.

State department advices from Peking have indicated a remarkably quiescent state of the Chinese republic.

Prejudiced.

Robert was having a very successful career at college. He had scored the winning touchdown in the big game of the year, and was mentioned by the experts for the All-American team. But Robert's father was not satisfied.

"I'm afraid, my son," said he, "that you are not making good use of your time at college. I hear very unsatisfactory reports about your work."

"Gee whiz!" exclaimed Robert. "You must have been talking to one of the professors."
